[THE KINTSUGI SPIRIT Virtual Exhibition](#)

Oct 1, 2021 – Oct 31, 2021

JACCC commissioned five grant recipients to explore the concept of kintsugi - poetically translated as “golden repair” - through various artistic disciplines, and how this Japanese philosophy can be interpreted as an approach to healing.

We proudly present the completed works, which range from music to dance, visual art to film. Embracing the flawed or imperfect, the artists explore themes of grief and intergenerational trauma, common struggles between communities, finding beauty in the broken, and how we fill the spaces between.

From the Archives: Chinese Likenesses from San Francisco Portrait Studios

The California Historical Society holds a number of portraits of Chinese sitters at San Francisco photography galleries taken between the 1860s and the 1890s. Typically showing ordinary men staring directly into the lens, or women looking slightly off-camera, they provide a striking contrast to the many troubling images of Chinese people

that were produced in early California.
